

## EXPERTISE. QUALITY. SERVICE. DEPENDABILITY. PRICE.

These are just some of the reasons to choose Midwest Aero Support for aircraft component repair or electronic and mechanical manufacturing.

MAS takes great pride in its quality, which is validated by both ISO 9001 and AS9100 certifications.

We enjoy long-standing, mutually beneficial relationships with our clients and work closely with them to meet their needs.

MAS is a dynamic company – we're always learning and expanding our services. The staff at MAS is committed to training in the newest techniques and, with the support of management, is encouraged to show initiative and ambition when it comes to serving our clients.
